
SPS fibre FORM Instrument Enclosure Accessory. Type - RMS.....

External 130 rail - Pipe Bracket Mount.

Material: Galvanized Carbon Steel.

Note: Used to mount flush with the back of the FF130 type RTM enclosure. 2" pipe bracket mounts directly to the back of the rail.

SPS fibreFORM's external 130 rail allows the use of this rail in conjunction with our 2"PB (Pipe Bracket). The 2"PB mounts directly to the rail to allow the enclosure proper mounting via our 2" post stand.
